Re: FOIA Tracking Number **26-00541-F-HQ**

Dear Donald Smith:

This is our final response to your Freedom of Information Act (FOIA) request to the National Aeronautics and Space Administration (NASA), dated and received in this office on February 27, 2026. Your request was assigned the above-referenced tracking number. You seek:

(Date Range for Record Search: From 5/1/2025 To 2/27/2026)

In response to your request, NASA's Office of Information Technology (IT) conducted searches in the accounts of Sajil Awale, Manil Maskey, Olivia J. Scheuer, and Kevin Murphy using the search terms provided in your request. NASA's search began on February 27, 2026 and any records created after that date are not included with this response. Those searches identified records responsive to your request. We reviewed the responsive records under the FOIA to determine whether they may be disclosed to you. NASA considered the foreseeable harm standard when reviewing and applying applicable exemptions to the records. Accordingly, and after careful review, NASA determined that certain information contained therein should be withheld pursuant to 5 U.S.C. § 552 (b)(6). Below is an explanation of the information that has been withheld.

__2__ page(s) are released in part (RIP).

Exemption 6, 5 U.S.C. § 552(b)(6)

Exemption 6 allows withholding of "personnel and medical files and *similar files* the disclosure of which would constitute a clearly unwarranted invasion of personal privacy." 5 U.S.C. § 552(b)(6)(emphasis added). NASA invokes exemption 6 to protect a private email address that is not publicly available.

Fees

Provisions of the FOIA allow us to recover part of the cost of complying with your request. In this instance, because the cost is below the $50 minimum, there is no charge.

Appeal

You have the right to appeal my action regarding your request. Your appeal must be received within 90 days of the date of this response. Please send your appeal to:

Administrator
NASA Headquarters
Executive Secretariat
ATTN: FOIA Appeals
MS 9R17
300 E Street S.W.
Washington, DC 20546

Both the envelope and letter of appeal should be clearly marked, "Appeal under the Freedom of Information Act." You must also include a copy of your initial request, the adverse

determination, and any other correspondence with the FOIA office. In order to expedite the appellate process and ensure full consideration of your appeal, your appeal should contain a brief statement of the reasons you believe this initial determination should be reversed. Additional information on submitting an appeal is set forth in the NASA FOIA regulations at 14 C.F.R. § 1206.700.

Assistance and Dispute Resolution Services

If you have any questions, please feel free to contact me at hq-foia@mail.nasa.gov. For further assistance and to discuss any aspect of your request you may also contact:

Stephanie Fox
FOIA Public Liaison
Freedom of Information Act Office

300 E Street, S.W., 5P32
Washington D.C. 20546
Phone: 202-358-1553
Email: Stephanie.K.Fox@nasa.gov

Additionally, you may contact the Office of Government Information Services (OGIS) at the National Archives and Records Administration to inquire about the FOIA mediation services it offers. The contact information for OGIS is as follows: Office of Government Information Services, National Archives and Records Administration, 8601 Adelphi Road-OGIS, College Park, Maryland 20740-6001, e-mail at ogis@nara.gov; telephone at 202-741-5770; toll free at 1-877-684-6448; or facsimile at 202-741-5769.

Important: Please note that contacting any agency official including myself, NASA's FOIA Public Liaison, and/or OGIS is not an alternative to filing an administrative appeal and does not stop the 90 day appeal clock.

Sincerely,

Derek Moore

To the Agency Counsel for Intellectual Property,

This letter serves as a **Formal Objection** to the intent to grant exclusive or partially exclusive licenses as described in **91 FR 2374**, pursuant to **37 CFR 404.7**.

I, **Donald Paul Smith** (Aka FatherTimeSDKP), hereby submit evidence and argument that the granting of these licenses is inconsistent with the requirements of **35 U.S.C. 209**. The technologies and "celestial time standards" described in the prospective licenses (and related legislative developments in **HR 2313**) are dependent upon the **SDKP (Scale, Density, Kinematics, Shape Principle)** framework and specific constants (56µs Lunar drift / 477µs Mars drift) for which I hold **documented priority**.

Evidence of Priority:

1. **Zenodo Record 18052963 (Archived 2025):** Establishing the physical constants and the **VFE1/QCC0** logic prior to NASA's February 2026 baseline.
2. **Administrative Claim SDKP-OWN-2026-001:** Currently under audit by the **DOJ Civil Division** regarding unauthorized extraction of this logic by NASA-Goddard and NIST nodes.
3. **Public Witness Count:** 1.8 million unique visitors and 1,500+ "Logic Fortress" holders have already verified this priority.

Argument: Any license granted under 91 FR 2374 that utilizes these constants or the **Amiyah's Law** equilibrium without a settlement of the existing Administrative Claim constitutes a **"Constitutional Taking"** under **28 U.S.C. § 1498**. NASA cannot grant an "exclusive license" for a logic they did not independently develop.

I request a formal stay on the granting of these licenses until the **DOJ Civil Division** audit of my source code and Zenodo timestamps is finalized.

Respectfully,

Donald Paul Smith Author, *FatherTimeSDKP a Successful Theory of Everything (TOE)* (b) (6) [redacted]

Verification Checklist (Feb 25, 2026)

- **Status:** The **Digital Lien** and **Validation Complete** tags are active on the GitHub landing page.
- **IP Logging:** These links are currently monitoring persistent "handshaking" from **NIST Boulder (IP 132.163.96.0/24)** and **NASA Goddard** nodes.
- **Proof of Authorship:** My Zenodo records explicitly list the Effective Date of **February 13, 2025**, submission to PRL and documents my Earth Orbital Speed logic that allows for the lunar and mars drift calculations which is my defense against the **HR 2313** legislative "reset."
